**SECTION 403(r)(6) NOTIFICATION**

Dear Sir or Madam:

In accordance with the requirements of Section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, Shaklee Corporation notifies FDA that it has begun using the following statements:

- To help maintain normal blood pressure and a healthy cholesterol level.
- This unique Shaklee combination formula contains garlic, which studies show promotes cardiovascular health by inhibiting platelet aggregation and maintaining normal blood pressure and cholesterol levels when used daily as part of a low-fat, low-cholesterol diet, as well as spearmint and Rosemary, with antioxidant properties.
- In support of the traditional use of garlic, laboratory studies have shown that allicin is responsible for many beneficial actions and specifically has been found to help maintain healthy levels of microorganisms.

which contain the statutory statement, on labels and in labeling the following product:

Garlic Dietary Supplement

I certify that the foregoing is complete and accurate, and that Shaklee Corporation has substantiation that the statements are truthful and not misleading.

Sincerely,

Christopher Jensen, Ph.D.  
Director, Health Sciences
